

LUIGI IOSSA

Jr. Full Stack Developer

PROFILE

I am a qualified and professional Jr. Full stack developer.

Strong creative and analytical skills. Team player with an eye for detail. After working in the field of international cooperation for a few years I became interested in software development and decided to join the full stack development bootcamp at Epicode school.

EDUCATION

FULL STACK DEVELOPER BOOTCAMP

Epicode School - Italy

01/2023 - 06/2023

I participated in a **6-months** Full Stack Development bootcamp, which consisted of **960 hours** of intensive training with **70% hands-on**.

The highlight of this experience was the completion of a **final project**:

I created an **e-commerce platform** for a local boutique specializing in handmade baskets in Senegal.
